

## The Data Extractors meeting on Thursday 3/17/2022

- Meeting started at approx 5:15pm on campus.
- Discussed how to move forward from the design document.
- Decided who was going to work on XML schema.
- Decided who was working on the class version.
- Decided who would work on the parser that will parse through the document.
- Meeting ended approx 6:00pm.

## The Data Extractors meeting on Wednesday 3/23/2022

- Meeting started approx 8:30pm after class.
- Checked on the progress of each team member
- Clarified how to construct the parser because we don't think the library that was suggested by Mr. Tang is going to do the job.
- Set up a meeting with Mr. Tang to get his input on the matter for Thursday evening.
- Discussed the XML schema that was created.
- Meeting ended approx 9:10pm
